- Aluminum Oxide Finish for increased wear resistance.

- Improves durability to limit damage from scuffs, scratches, and stains.

- Responsibly harvested European White Oak.

- Responsible investment to finish your home with a renewable resource, a good investment for your home and the planet.

- Always in-stock commitment for your peace of mind.

- In stock, matching moldings to help you finish the job on time.

- 3/4" thick solid construction is a lifetime investment that can be sanded and refinished after the floor has handled year's of abuse.

- Sourced to promote responsible forestry management, in full compliance with Lacey Act protections for our forests.

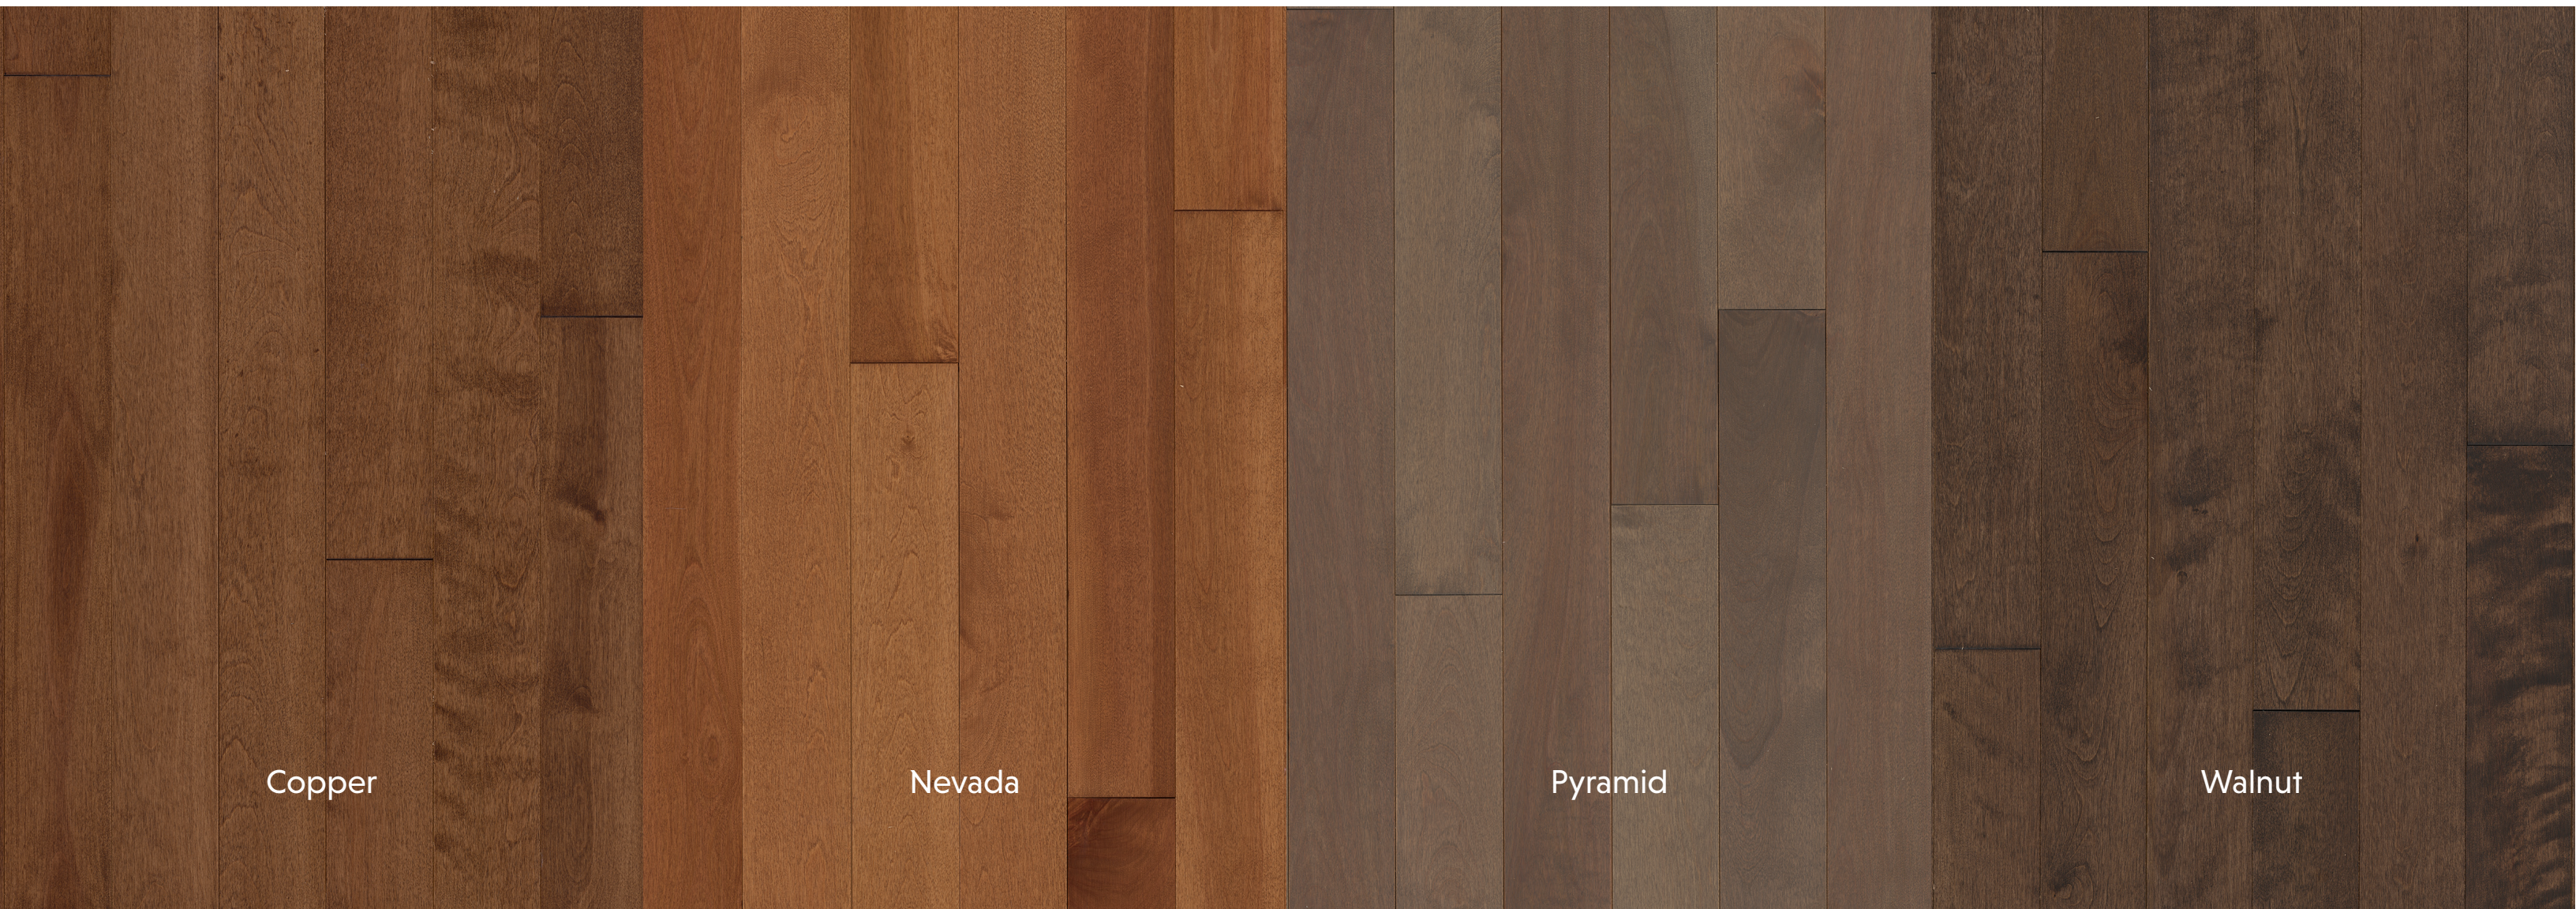

- Canada is famous for its high quality wood manufacturing.

- Canada produces products from Northern Hardwoods which are stronger, harder, and have tighter grain than their Southern counterparts.
